Gentlemen,

I'm out of town and back on Thursday and unfortunately working an evening shift. I have copied Field Deputy Dan Halden on this email from Council District 13.

We are both working on the homeless encampments surrounding the schools. We should have our team out in Hollywood tomorrow or Thursday and hopefully get them to address this area.

As you have seen me, I have been addressing them a few times per week. I appreciate your patience with the process and thank you for your email with the information.

Senior Lead Officer Eddie Guerra

Hey Eddie

Hope you are well sir. Yeah this is the second day in a row it's happened so we decided to take action. Let us know when you can come by.

Good evening!

My name is Jenn Mullen and I am the Director of HR at Quixote Studios (at 1000 N. Cahuenga Boulevard in Hollywood).

I just left a voicemail for Senior Officer Eddie Guerra because we are having an issue with the homeless crew that hangs out right outside of our facility.

Currently, the entire warehouse is getting a contact high from the copious amounts of marijuana smoke making its way into the warehouse. That may sound like an exaggeration, but I can literally see the smoke coming into the warehouse and I can smell it in my back office on the opposite side of the warehouse.

They are across the street from the school on Lillian and Romaine, right outside of our warehouse doors.

As you can imagine it smells pretty terrible and is not quite the image we would like to portray to our clients when they are dropping off or picking up their trucks/supplies. And...I would prefer that my employees avoid any sort of contact high if possible.

If someone could call me back at: 323-512-6328, I would really appreciate it.

Thanks!

-Jenn
